Commitment to our Partners

Our Partner Rewards Program offers support, training and financial benefits that will increase your ability to grow your business and its profitability. We believe in investing in our Partners by providing access to a complete range of business benefits, including:

Technology

Innovative and competitive products that range from network edge offerings to the core of the enterprise.

Ease

Technical solutions that are fully interoperable, so Partners are no longer locked into one vendor.

Financial

Financial benefits for our Partners with significant revenue from program margins, hardware and related services.

Collaboration

Working closely with our Partners to discover opportunities, create solutions and boost revenue.

Support

Access our call centres for proactive pre-sale and post-sale technical support, plus online access to technical resources.

“All Partners can benefit from our local, best-in-class priority technical support.”

Empowering our Partners

The D-Link Certification Program consists of Full-Day Practical Workshops as well as a number of self-paced Online Courses. These Courses focus on important technology elements across Switching, Wireless, IP Surveillance and Security categories, as well as allow students to qualify as a Nuclias Cloud Administrator or Nuclias Connect Expert. Individuals in your Organisation can become D-Link Certified in a variety of technology specialisations and as a bonus, your Company will benefit from additional D-Link Dollars for each of these specialisations that your Employee is Certified in.
